

P3

The P3 is 60m² of pure 4K image quality!!!

HD 3 mm indoor Black SMD LED!!!

Because of the fanless technology, the P3 is super silent.

It is razor sharp and gives superb image quality .

The simple and easy set-up provides the P3 to be 60m² big or it can be built in separate screens. (eg. 4x15m²)

The P3 will be the eyecatcher for your event. It can be "the event" for displaying live soccer games or concerts. Perfect for indoor festivals, seminars, corporate events,...
